
HENTYFARM

Tasting Note

2015 Hentyfarm Pinot Gris

Our Hentyfarm Pinot Gris is a story about an amazing vineyard site in Drumborg, Henty. Owned and tended by 'biological farmers' Jack & Lois Doeven. They had a terrible time in the beginning with the planting of Pinot Gris, having to re-plant twice back in the nineties.

Hentyfarm was lucky to be allocated some of this precious fruit again in 2015. The Hentyfarm Pinot Gris style has great luscious fruit on the front palate which transforms into a clean crisp finish with the help of a splash of Riesling in the winemaking process.

Colour: Very Pale almost clear with flashes of Bronze

Bouquet: Perfumed Nashi Pear, honeysuckle and hay

Palate: Delicate Apple and Pear flavours with some citrus extending to the finish

Cellaring: This wine is great for summer drinking, cold and fresh with chilli snacks.
